P&B Metal Components Ltd

Health and Safety Policy Statement

It is the policy of this company to give the greatest importance to the health and safety of its employees, considering this as a Management responsibility equal to that of any other function.

Within design, manufacture and maintenance of all plant, equipment and facilities, it is the duty of Management, including Supervisors, to do everything possible to prevent personal injuries and to promote a safe working environment. To this end Management will provide such safety devices and personal protective equipment as may be necessary and will ensure that all employees receive adequate safety training in their particular function.

Equally it is the duty of all employees to act responsibly and to do everything possible to prevent injury to themselves and to others. This includes wearing personal protective equipment where it is provided, obeying works safety rules and warning notices and reporting promptly any incidents and potential hazards
